

DATA CENTER CONSTRUCTION • NOW HIRING

Laborers

Steady work. Real career growth. A crew that has your back.

WHO WE ARE

Gold Key puts skilled crews on the ground for large-scale data center construction projects — with our own foremen and superintendents on site. We're growing fast, with new projects opening in multiple states. Clean safety record. Steady, reliable work.

WHAT YOU'LL BE DOING

- General labor support and material handling
- Site logistics, housekeeping, and jobsite organization
- Installing and maintaining floor protection
- Safety and site support alongside foremen
- Deck and temporary structure support

WHY GOLD KEY**Growth**

Real opportunities to move up, not punch a clock.

Consistency

A dedicated crew and a steady project pipeline.

Safety first

A clean OSHA record, taken seriously every day.

Competitive pay

Among the best in the market for this work.

Per diem

Provided for traveling crew on out-of-town jobs.
